### The Amazing Taste Sudbury – \$110,000 Raised in 3 Years!

**SUDBURY, ON** – On August 10<sup>th</sup>, guests from the 3<sup>rd</sup> annual *Amazing Taste Sudbury*, presented by *SLV Homes* were told to come hungry for food, fun and adventure.

The evening left 225 guests with the gift of discovery and lasting connections in the wonderfully warm community that is Sudbury’s unique food scene, all while supporting the Northern Cancer Foundation (NCF) and raising nearly **\$42,000**, bringing the three year total of the event to just over **\$110,000**.

The NCF guided guests’ taste buds to six different local destinations:

- Holiday Inn Solarium
- Kivi Park (catered by Ristorante Verdicchio)
- 84 Station (catered by Fromagerie Elgin)
- Red Fang Tavern
- Peddler’s Pub and Northern Axperts
- NEOMO Medical(catered by P & M’s Kouzzina)
- Stompin’ Tom Statue (Pit Stop)

“Our city’s food and drink scene is incredible and it feels great to once again work with our local restauranteurs and businesses to put this event together,” says Tannys Laughren, Executive Director of the Northern Cancer Foundation, “we love the parallel we’re drawing between local cancer care and local business.”

The event would not have been possible without the generous support of the six local establishments, caterers and especially the presenting sponsor and chairs of the Amazing Taste committee, Louis and Alba Zagordo and SLV Homes.

100% of the funds raised will support patient care, equipment and research at the Northeast Cancer Centre.

The Northern Cancer Foundation would like to acknowledge and thank the sponsors that made the Amazing Taste Sudbury successful again this year: SLV Homes (presenting Sponsor), Bélanger Ford Lincoln Centre, Pioneer Construction and Fisher Wavy, Wildeboer Dellelce L.L.P., Yallowega Bélanger Salach Architecture, NEOMO Medical, SRWC Chartered Professional Accountants and Sudbury’s building and contracting community.
